EASY CUTTER

PRO

A Time-Saving Tool that cuts a wide variety of materials

Comfortable textured grips make cutting easier on your hands!

Specially shaped Miter Plate produces high quality cuts with minimal distortion!

High carbon steel blade is double ground and heat treated to stay sharp longer!

Built-in Safety Latch!

RIGHT ANGLE ADAPTER

Die-cast aluminum angle plate with integral protractor makes it easy for 45°, 60°, 90°, 105° & 120° angles to be cut!

SINGLE RADIUS ADAPTER

DOUBLE RADIUS ADAPTER

Miter Plate- Perfect for beautifully mitered 45 degree bevels. Cuts strip-wood up to 1/2" thick!

Single Radius Adapter- for tubing, hose and cordage in 1" diameter.

Right Angle Adapter- for 90° angle stock, such as square tubing, trim & moulding.

Double Radius Adapter- for tubing, hose and cordage in 5/8" & 3/4" diameters.

Designed to cut a variety of materials, including Balsa, Hardwoods, Dowels and most plastics quickly and easily! Plus, it includes 3 adapters for cutting cordage, hose and mouldings.
